**DETAILS:** 

### **Scavenger Hunt Instructions**

- To set up the scavenger hunt, print out the clues and cut them out along the dotted lines.
- 2. Select the clues you would like to use in the scavenger hunt, and number them on your answer key.
- 3. Hide the clues sequentially according to your numbering system. Hide a prize or "You did it!" message at the answer the to the final clue.
- 4. Hand your kids the first clue and have them start their scavenger hunt!

For example, if you choose to hand the kids the clue that says, "I have four legs but no feet. When you're tired, take a seat" as the first clue, hide your second clue on or under a chair in the house. This second clue will lead them to the next household item where you've hidden the third clue.

## SCAVENGER HUNT CLUES

I have four legs but no feet. When you're tired, take a seat.	On the wall you hear me tick, I might remind you: hurry, quick!
If you're hungry, take a look: I hold the food before you cook.	This is where letters come in or through, open up to see from who.
Scrub your teeth to make them gleam, you use me to keep them clean.	Feathers or stuffing live inside me, lay down your head to sleep peacefully.
You might lay here counting sheep, if you cannot fall asleep.	Pull me open to go for a walk, push me shut and turn the lock.
I might start with a rumble and I make your clothes tumble.	Slip on, tie, or velcro me, so you don't trip and scrape your knee!

## SCAVENGER HUNT CLUES

Twenty seconds is the key, rub and scrub to make me sudsy!	Left alone I start to stink, some families keep me under the sink.
Open me to feel the breeze, and look outside to see the trees.	Open me up to stay nice and dry, but if it's windy, away I could fly.
Did you use me when you ate? I usually sit right next to your plate.	Put me on before your shoes. In the laundry, I'm easy to lose.
Flip me on, I bring you light. Shut me off to say good night.	Pull up a chair when you're ready to eat. For holding your meals, I can't be beat.
l might put your pets on high alert. My job is to suck up all the dirt.	I have a spine but not a face. With my pals, I'm in a case.
