Whether you have experienced the magic of The Paramount's stage in person, or through a story from a friend or parent, now is YOUR chance to color the stage and bring your own production to life! Once your stage is complete, cut along the dashed line and put on your own Paramount show using the puppets.

**Murphy the Mouse wants to sing a song! Color these puppets, cut them out, and then tape or glue them to popsicle sticks. When you're finished, it's time to put on your very own Paramount performance!**
